

NEW GENERATION CHRISTIAN ACADEMY HOME EDUCATION PROGRAM

Located at our Miramar Campus: 15620 SW 29th St, Miramar, FL 33027

WHO ARE WE?

New Generation Christian Academy (NGCA) is a unique and personalized program that not only forms the student academically but also promotes personal, spiritual, and emotional growth.

WHAT DO WE DO?

NGCA partners with parents/guardians by offering a nurturing and enriching home education environment that empowers your child to thrive.

WHAT IS OUR MISSION?

To shape students physically, emotionally, and spiritually through academics, biblical principles, and social awareness, so they can contribute to transforming their communities.

WHY CHOOSE US?

- **Personalized Learning to Meet Students Where They Are:** We understand children learn differently. That's why we offer personalized learning, tailored to each student's pace. With ongoing support, we will help your child reach their full potential. NGCA understands that each child is created with unique abilities and gifts. Therefore, we seek to enhance students' strengths and opportunities by providing tools and accompaniment to improve their unique intelligence style.

NGCA prides itself on being a space where **everyone feels welcomed and loved**. We take care of that environment by establishing a culture of **inclusivity and acceptance**. All of our students are encouraged to make their community thrive through practical means.

- **High-Quality Academic Standards:** At **NGCA**, we are excellent in all that we do, especially in our academic endeavors. Through our academics, we are **redefining the future of education** by **equipping** our students to go out into the real world. NGCA stresses the importance of having the **Bible** as one of our core classes for all students, as we believe it **holds the key** to bringing about real, lasting **change**.

- **Family Partnership:** We **partner** with the parents. Our culture at NGCA is based on honoring each other. We believe that building a community where we value one another will provoke each individual to discover their motivation to succeed. Our program provides counseling, guidance, resources, and support to help you create a meaningful and enriching learning experience for your child. NGCA is here to bring forth every student's potential, just like a coach brings out the potential of an athlete. We are called to guide, inspire, and facilitate

your child's development and education. We lead by example in order to walk with your child every step of the way in their academic achievements as well as their spiritual growth.

OUR ACADEMIC COURSES

At NGCA, we use the Ignitia curriculum. Ignitia is a versatile Christian curriculum with dynamic, Christ-centered lessons and interactive components designed to serve teachers and students in Elementary, Middle, and High School. **Our core courses are available in person for all home education students.**

OUR ENRICHMENT ELECTIVES

We offer a variety of engaging activities designed to inspire exploration, creativity, and critical thinking. By providing opportunities for hands-on experiences and real-world applications, we help students develop essential skills and discover their unique talents. We offer the following enrichment courses: Music, Art, Digital Arts, Business, Spanish, and French. We also offer a wide range of different clusters in Computer Science, Education, Health Science, Marketing, Career Explorations, and Personal Financial Literacy. **Our enrichment classes are available in person unless noted otherwise.**

- Music Elective

Explore the world of music through a variety of engaging activities. Develop your musical skills, creativity, and appreciation for different genres and cultures. Learn to play an instrument, sing, or compose your own music. Participate in group performances and collaborate with other musicians.

- Art Elective

Discover your artistic talents and express yourself through a wide range of mediums. Experiment with different techniques and styles, from painting and drawing to sculpture and digital art. Explore the history of art and learn about famous artists and their works. Develop your critical thinking skills and appreciation for visual arts.

- Digital Arts Elective

Learn to create digital art and animations using state-of-the-art technology. Explore the world of graphic design, web development, and video production. Develop your technical skills and creativity. Collaborate with other students on group projects and showcase your work to the community.

- Business Elective

Gain valuable business skills and knowledge that can prepare you for a successful career. Learn about entrepreneurship, marketing, finance, and management. Develop your critical thinking, problem-solving, and communication skills. Work on real-world business projects and learn from experienced professionals.

- Spanish Elective

The Spanish cluster is an entry-level high school foreign language course that explores the Spanish language through communication, culture, connections, comparisons, and communities.

Course materials are designed to support students as they work to gain a basic proficiency in speaking, listening, reading, writing, and cultural competency.

- French Elective

Immerse yourself in the French language and culture. Learn to speak, read, write, and understand French fluently. Explore French literature, history, and customs. Practice your language skills through conversation, role-playing, and group activities. In French, emphasis is placed on learning the present tense, the near future, and the past tense in French I through thematically designed units. Topics include home, school, family, holidays, and daily and leisure activities. Travel to French-speaking countries to experience the language firsthand. **This elective is only available online.**
